QUEEN ALEXANDRA ILL

Christmas Festivities at Sandringham Have Been Abandoned.

HER CONDITION IS NOT ALARMING.

Indisposition of the Queen Upsets Plans For Holiday Season—Kitchen Sends Reports of Brisk Battles With the Boers.

London, Dec. 23.—The condition of Queen Alexandra is more serious than has been given out and it causes some anxiety. Physicians are in constant attendance upon her majesty. A bulletin issued at noon says the queen is progressing favorably, but that the extensive arrangements made for Christmas festivities at Sandringham, including large shooting parties, have all been upset and their majesties will spend Christmas at Marlborough House instead.

It was announced that the queen was suffering a chill but that her con-

QUEEN ALEXANDRA. dition is not considered to be dangerous. It is expected that her majesty will be able to leave her room in a few days.

Naturally, the illness of the queen necessitating the abandonment of holiday plans of the royal household will have a depressing effect upon Christmas festivities.

BUMPED BY THE BOERS.

British Had Three Lively Bouts and Suffered Heavy Losses.

London, Dec. 23.—Lord Kitchener in a dispatch from Johannesburg dated Dec. 21, sends reports of sharp fighting in Orange River and Transvaal. While 200 mounted infantry in the neighborhood of Beginderyn were divided into parties and searching farms they were attacked by 300 Boers and 40 armed natives under Commandant Britz. The Boers charged determinedly in overwhelming numbers. Beyond the fact that the British casualties were severe no details have been received.

Lord Kitchener also reports that during General Wewet's attack on the British force commanded by General Dartnell and Campbell at Langberg, Dec. 18, the Boers charged bravely and fought desperately several hours. Dewet was driven off with the loss of 20 men. The British had 12 casualties.

Dec. 20, M. Botha, with 200 Boers, surprised Colonel Damant's advance guard at Tefelkop, Orange River. The Boers rushed a kopje commanding the main body and the guns but Damant rallied his men and drove the Boers from the kopje. The British casualties were heavy. Damant was dangerously wounded, two officers and 20 men were killed and three officers and 17 men were wounded. The Boers left six dead on the field and dispersed. The British pursued the Boers and captured a number of prisoners, including Commandant Keyter. Later, the Boers under a flag of truce asked permission to remove their dead. They admitted having buried 27 men.

In the eastern part of the Transvaal Colonel Mackenzie attacked Commandant Smith's force of Boers at Lake Bannagher, Dec. 20, killing six and capturing 18. Smith escaped.

A force of Boers, during the night of Dec. 19, attacked the British post at Elandspruit, but was driven off, leaving eight men killed, including Commandant Kriese. Field Cornet Mahon, who was wounded, and three other wounded men were also left on the field. Other wounded Boers were carried off in blankets. The British casualties were seven killed and six officers and 18 men wounded.

Paris, Dec. 23.—After spending Sunday here Senator Depew started for Nice, where his wedding with Miss May Palmer will be celebrated Saturday. Senator and Mrs. Depew will return to New York on the St. Louis, sailing from Cherbourg Jan. 4.

River News.

The Virginia for Pittsburg and Bonanza for Pomeroy to-night. Down, the Lizzie Bay.

Considerable ice made its appearance in the river Monday, and a day or two of zero weather now would stop the boats.

The destruction of the Kanawha river packet Kanawha Belle at Lock Three, Kanawha, twenty-two miles above Charleston, by which the whole deck crew, and one passenger was killed and others badly injured by broken bones, was a very unfortunate affair, and there will be a thorough investigation by United States Local Inspectors Maddy and Morgan of the port of Gallipolis. The boat is said to have been driven over the dam with a full head of steam, the pilot mistaking his course entirely, thinking he was going up the river instead of down. It was a miracle almost that a single soul of the crew or passengers escaped instant death.

BOARD OF EDUCATION.

Question of Semi-Annual Examinations Discussed Last Night—Falling Off of School Revenue.

At the regular meeting of the Board of Education last night the question of discontinuing the semi-annual examinations provoked quite a discussion. Mr. W. T. Berry, principal of Fifth ward school, requested that his school be excused from this examination, stating as a reason for his request that the week thus spent was simply so much time thrown away. His understanding was that the examination counted for nothing in the promotion or "demotion" of the pupils,—that the grading of pupils depended upon the result of the examination at the close of the year. Some members of the board were in favor of abolishing examinations altogether, but this was opposed by others. All seemed to agree however that the result of the semi-annual examination should be considered in the grading of pupils at the close of the year. The question was passed over to the new board for settlement.

Mr. Cochran in his report as Treasurer called the Board's attention to the fact that the school revenue from city fines the past month was only 80 cents. The big reduction in the revenue from this source was also discussed at some length.

The question of granting Messrs. E. Reganette and W. T. Berry the use of the High School building for their Normal Institute next summer was by consent passed over to the new board.

The Building Committee was directed to have Mr. Swift's room and Miss Grant's room in the Sixth ward repaired during the holidays.

Ruth, daughter of Mr. and Mrs. Thomas P. Hopper, of Mayesick, died this morning of scarlet fever. The funeral will take place at 1 o'clock tomorrow, from the residence. Services at the grave. Mr. and Mrs. Hopper's many friends sympathize with them in their grief.

New York, Dec. 23.—Edgar S. Maclay, the employee at the Brooklyn navy yard who wrote the history of the Cuban campaign in which vicious assaults were made on Rear Admiral Schley, refuses to resign in obedience to the demand for his resignation made by Secretary Long at the direction of President Roosevelt. He will insist upon being given a hearing under civil service regulations.

"Copy All In."

Washington, Dec. 23.—Stephen Cluskey Cromwell, 41, a native of Washington and for 20 years one of the city's best known newspaper men, is dead. He leaves a widow and one child.

DOWIE IS NOT PERFECT

His Attorney Declares the New Elijah Is Not Infallible.

COMPARED HIM WITH J. P. MORGAN

Admitted That the Chief Overseer of Zion Made Mistakes—While His Lawyer Labeled Him Dowie Cast His Eyes Heavenward.

Chicago, Dec. 23.—The closing argument in the trial of "Dr." John Alexander Dowie for the appointment of a receivership for his Zion lace industries, was begun by Mr. Packard, attorney for Dowie, in Judge Tukey's court. Mr. Packard denounced the action of Samuel Stevenson, Dowie's brother-in-law in having brought the suit and expressed the hope that his spirit would move him to reconciliation with Zion. A strong plea was made to show that Dowie is not infallible. Mr. Packard likened Dowie to J. Pierpont Morgan as a great organizer, but he said he doubtless made mistakes. "He does not claim to be more than human," he said, "for in the Bible St. James says Elijah was a man of like passions with ourselves."

Mr. Packard in upholding Dowie's claims as Elijah said that he would prefer him at his bedside if he were at the point of death rather than any skilled physician. Mr. Packard is not a member of Zion congregation.

"Dr." Dowie and his wife were present in court with the largest number of followers that has yet filled the court. During Mr. Packard's recital of Dowie's identity with "Elijah the restorer," Dowie frequently rolled his eyes upward and gazed at the ceiling as though in prayer.

Following Packard's argument for the defense, F. L. Reeves, attorney for plaintiff, likened Dowie to "a devil fish that twined its arms about its victim and quelled him until it got a strange hold." He touched upon the death of Mrs. Stevenson, wife of plaintiff and sister of Dowie, and said that when Stevenson in his grief sought out Dowie as a brother and priest, Dowie gave him a cup of gall and called him murderer.

Argument then closed and the case was given into the hands of Judge Tukey for decision.

McClellan's Voyage.

New York, Dec. 23.—The transport McClellan arrived from Manila via the Suez with 38 cabin passengers and 243 soldiers from the Philippines. Of these 235 men are of the First battalion of engineers, the others the discharged soldiers. Among the cabin passengers were Colonel C. A. Dempsey, Major Henry Wygant, Major J. E. Macklin and several captains and lieutenants. The transport brought two dead bodies, Captain Herbert Draper of the United States marine corps, who died at Hongkong, and William B. Tabb, a civilian clerk to the United States naval engineers at Guam, who died aboard ship Nov. 27. The battalion of troops is under command of Major J. E. Macklin of the Eleventh infantry. The McClellan since leaving New York July 10 has covered a distance of 25,757 miles. She left New York with 160 men of the Twenty-sixth United States Infantry and a party of eight congressmen. She arrived at Manila Sept. 9, discharged the troops and then spent 21 days visiting the various islands with the congressmen. She left Manila Oct. 18 for this port.

Sullivan Convicted.

Chicago, Dec. 23.—Alexander Sullivan, convicted of conspiracy to keep from the jurisdiction of the Cook county courts ex-Balliff James J. Lynch, a self-confessed jury briber, appeared in Judge Smith's court with his attorneys and filed a new bond for \$10,000. The motion for a new trial was formally renewed and it is expected the court will hear the arguments immediately after the holidays. Sullivan's attorneys have announced their intention of carrying the case to appellate court if motion is denied.

Sailors Visit Havana.

Havana, Dec. 23.—The officers and sailors of the visiting American fleet, now in the harbor, are being royally entertained by the Cubans. The Americans attended a Spanish opera at the Payret theater. General Wood tendered them a reception at the palace. Senor Gener, the mayor of Havana, presented each ship 1,000 cigars.

HAMILTON'S B G FIRE.

Gasoline Can Exploded and Started a Destructive Blaze.

Hamilton, O., Dec. 23.—Loss by fire to the Champion Coated Paper works is placed at from \$750,000 to \$1,000,000. It was the largest plant of the kind in the United States and employed over 400 persons. A stock of \$250,000 worth of enameled book and magazine paper was wholly destroyed. There was also loss of a great quantity of valuable machinery.

The fire was caused by the explosion of a can of gasoline in the hands of John Kopp who was using it for cleaning machinery. Kopp was severely burned.

The plant is owned by a company of which Peter G. Thompson of College Hill is the largest stockholder. The company had just completed a \$750,000 pressed brick building which the firemen saved. The capital stock of the company is \$1,500,000, but its stock is held at a much higher figure.

Spencer Eddy Protested.

Constantinople, Dec. 23.—Replying to the protest of Spencer Eddy, the United States charge d'affaires here, against the notification issued by the authorities of Beyrouth, Syria, to the effect that naturalized American citizens must renounce their naturalization within 15 days under penalty of being expelled from Turkey, the Turkish minister, Tewfik Pasha, denied all knowledge of the matter, but promised to inquire into it and give Mr. Eddy a definite reply promptly.

Not Daunted By Hill's Letter.

St. Paul, Dec. 23.—Attorney General W. B. Douglass in an interview states that the published letter of J. J. Hill in explanation of recent transactions in the stocks of western railroads and the purpose of the Northern Securities company would not in any way influence the action which has been contemplated by the state officers of Minnesota. Mr. Douglass declined to discuss subject matter of the letter.

Pope's Christmas Greetings.

Rome, Dec. 23.—The pope received the cardinals who offered him their Christmas greetings. The pontiff made a lengthy address, in which he condemned what he characterized as the excessive liberty of thought indulged in at the present time. He sharply criticized socialism, agitation for divorce and hostility between different sections of the church and urged a union of the Christian churches.

Injuries Proved Fatal.

Pittsburg, Dec. 23.—Five of the victims of the Singer-Mimick mill explosion Saturday morning, are dead. The fifth victim is William Sharp, 35, of Elliptsborough, who was scalded about the face, head and body. Another named Johnson is not expected to live.

Schley Visiting His Daughter.

Washington, Dec. 23.—Admiral Schley left Monday for New York, where he will spend the holidays with his daughter.

GOV. CRANE DECLINED

Treasury Portfolio Does Not Tempt Him Into the Cabinet.

ROOSEVELT OFFERED IT TO HIM.

Business and Domestic Reasons Are Given For Refusing the Place. Colonel Herrick of Cleveland May Be the Next Choice.

Washington, Dec. 23.—Governor Crane of Massachusetts has declined the treasury portfolio, tendered to him by President Roosevelt last Friday. It was officially announced at the White House that Governor Crane declined the place for business and domestic reasons.

The announcement of Governor Crane's declination followed a conference between the president and Senator Lodge after the latter talked with Governor Crane over the long distance telephone. The only name suggested at the White House after it was known that Governor Crane would not accept was that of Colonel Myron T. Herrick of Cleveland. Colonel Herrick is at the head of one of the largest savings institutions in the country and has had a wide experience in financial affairs. He was a warm personal friend of President McKinley.

In a statement given out at Boston by Governor Crane he said: "I have felt obliged to decline the appointment of secretary of the treasury tendered me by the president on account of illness in my family and inability to arrange my business affairs at such notice." That was all the governor would say. It was understood that reference to illness in his family is based upon the fact that his mother is an invalid and on that account he does not care to leave his Dalton home.

President Roosevelt is also said to be considering Governor Shaw of Iowa in connection with the treasury portfolio to succeed Secretary Gage. The report was even current that the president had tendered the position to Governor Shaw.

Charles T. Wencker, who was nominated for the position of collector of internal revenue for the St. Louis district, but whose nomination had not yet been confirmed, telegraphed the president to withdraw his name. Wencker was not an avowed candidate for this position, but was selected by the president as a compromise between opposing factions in Missouri.

Maclay Must Go.

Washington, Dec. 23.—Nothing has been heard at the navy department from Historian Maclay in response to the department's request for his resignation. Under the rules an employee is allowed three days' grace in which to show cause why he should not be dismissed, and although this rule, having been made by executive authority, may be disregarded at pleasure, it is believed Maclay will be given a reasonable time to quit the naval service, for it is certain that he must go. In line with the determination already reached to stop the further discussion of the Schley case, so far as the executive branch of the government is concerned, the navy department has decided that it will ignore the reported recent utterances of Rear Admirals Brown and Belknap somewhat in the lines of the General Miles interview.

Way Out of the Woods.

Washington, Dec. 23.—Secretary Hay received a cablegram from United States Minister Wilson at Santiago de Chile, confirming the report that the resources of diplomacy had been exhausted in the effort to settle the dispute between Chile and Argentina, and that diplomatic relations had been broken off through the withdrawal from Chile of Senor Portela, the Argentine minister. Touching the proposition emanating from the Argentine side to refer the dispute to Great Britain as an arbitrator, the Chilean representatives claim that was their original proposition. This being the case, it is believed there is a way open for peaceful adjustment of the trouble.

Germany's Counter Claim.

Washington, Dec. 23.—The administration is not concerned over the statement in a Managua dispatch that the German government under certain concessions to a steamship company claims the exclusive right to navigate the San Juan river and Lake Nicaragua, which forms part of the proposed Isthmian canal. This alleged claim, it is understood, will not embarrass pending legislation for the construction of the canal as its settlement is a question with which the Nicaraguan government and the company claiming the concession will have to deal.

New York, Dec. 23.—The grand jury returned indictments for neglect of duty against Patrolman Cox and Detectives Darcey and Shoerlich, in connection with the alleged disorderly house of the woman named Mauret. It was on testimony concerning the character of this house that Wardman Glennon was convicted.

HAPPY CHRISTMAS TO ALL.

The BULLETIN wishes its many patrons the fullest enjoyment imaginable of this happy Christmas anniversary. May the song of the angels in the long ago—"on earth peace, good will to men"—find an echo in every heart.

In order that all may enjoy to the fullest this glad anniversary, no paper will be issued from this office to-morrow.

That naval clique has disgraced the nation long enough. Kick 'em out, Mr. President.

The men who sought to disgrace Admiral Schley are themselves a disgrace to the navy of the country.

For a man who did his country such valiant service as Schley to be vilified and humiliated by a clique of naval officials is a lasting disgrace to the nation.

GENERAL MILES has been rebuked and humiliated by the administration gang, but they know, and the country knows, what he thinks of the disreputable naval clique who have been hounding Schley. Hurrah for Schley and Miles!

"HISTORIAN" MACLAY, the villain of Admiral Schley, has been summarily dismissed from the naval service on orders from the President. Now if Mr. Roosevelt would kick the men out who inspired all that MacLAY wrote and said, he would be doing the country a lasting service.

ADMIRAL DEWEY prevented a Court of Inquiry in his case and probably caused for winning the battle of Manila, by cutting the cable and dropping the Navy Department with its little clique of land crabs, is the very pertinent remark of Editor Jim Allen. Dewey was on to 'em.

This tobacco trust has recently secured two of the big independent factories, and the grower when he comes to sell his crop will suffer, as competition has been lessened just that much. If the trust succeeds in its scheme to control the market, the farmer will have to take just what the combine is willing to pay him for his crop. It practically amounts to that now.

COLONEL BRECKINRIDGE in the Lexington Herald pays a tribute to the nation's greatest naval heroes that will find a warm response in the hearts of the people everywhere. Speaking of the result of the Court of Inquiry and Secretary Long's approval of the verdict he says:

Dewey and Schley will not be permanently injured by this action. They have won their places in their country's history; the future holds for them historical immortality. They were in command when the American navy won the two most remarkable naval victories of this generation. Dewey and Manilla, Schley and Santiago will forever remain united and form two of the most resplendent gems in the coronal of our nation's glory.

The talk that Governor Beckham will act upon the recent decision in the Pratt-Breckinridge case and appoint the State Prison Commissioners without consulting the Legislature is being revived, and a special says it seems quite probable now that he may take such action. If the Legislature should then proceed to elect two Commissioners the title to the offices would have to be settled in the courts, which would take several months.

With the closing of the fall term of the Kentucky Court of Appeals Judge Paynter retired as Chief Justice. When the court meets again, on Jan. 8th next, Justice Guffy will occupy the chair of Chief Justice. He will occupy it for a year. The adjournment of the court prevented the filing of the petition for a rehearing in the Pratt-Breckinridge contest case, and Attorney General Breckinridge can not now be ousted from office before the April term of the Franklin Circuit Court.

The teachers of the city school kindly remembered their pupils with Christmas presents at the closing for the holidays.

A grain of sand in the eye can cause excruciating agony. A grain of pepper in place of the grain of sand intensifies the torment. The pain is not confined to the organs affected. The whole body feels the shock of that little irritating particle. It is so when there is any derangement or disorder of the delicate womanly organs. The disorder may seem trivial but the whole body feels it. The nervous system is disordered. There are fretfulness, irritability, sullenness and depression of spirits. The general health of woman depends on the local health of the organs peculiarly feminine. Remove the drains, ulcerations, bearing down pains, and other afflictions of woman, and the whole body feels the benefit. Dr. Pierce's Favorite Prescription is a specific for the diseases that undermine the strength of women. It is free from opium, cocaine and other narcotics, poisons which enter into many other preparations for woman's use. It makes weak women strong and sick women well.

Every sewing machine made is sold by me.
